Features

Sanitaryware

Coordinated Design

The coordinated designs of Essco products are best in class offering for your bathroom. Its ranges are not only complementing design but also the functionality of each product.

Trap Glazing

Essco water closets are made with trap glazing technique. It helps in maintaining the highest degree of hygiene in your bathroom. Trap glazing does not allow dirt and human waste to accumulate on the inner surface of the trap thus making your WC hygienically clean.

Load Bearing Tests

To ensure the safety & strength of each sanitaryware installation, all Essco products go under load bearing test. Essco washbasins are tested for a load bearing capacity of up to 100kgs, while water closets are tested for 400kgs.

Efficient Flushing

Essco sanitaryware are tested to perform under tough Indian conditions. All our flushing mechanisms in European water closets go under 100 ball test to have efficient flushing every time.

After Sales Service

Essco Bathware is committed to ensuring unmatched customer service by using the trusted customer care support of its parent company Jaquar.

10 Year Warranty

10 years on Essco sanitaryware, 2 years for PP seat cover & Spare parts, and 5 years for flushing system.

Cistern

Smooth Operations

The operational capability of the cistern is more than 2 lakh cycles with a water storage capacity of 6 liters. The flushing system is designed to provide trouble free-flushing with a built-in overflow hole.

Unmatched Durability

The body of the cistern is made from high grade polypropylene. This is the most suitable material since it is resistant to stains, chips, scratches and cracks.

Easy Maintenance

Essco cisterns have fully assembled and easy to install. Its best grade virgin plastic is easy to clean and maintain. These flushing systems are offered in single- flushing option.

Modern Designs

Essco cistern designs are universal in nature to complement all type of bathrooms Indian or European.

2 years Warranty

Essco cisterns are offered with a warranty of 2 years.

Faucet

Smooth Operations

A consistent lever operation test is conducted for over 2 Lac cycles to check sustainability. We believe in being with you for generations and for that all our products have to last long.

Chrome Plating

All our bathroom and kitchen faucets are manufactured with robust chrome plating to sustain the tough Indian condition of hard water and rough usage. It provides corrosion resistance, eases cleaning procedures, increases surface hardness, and offers a decorative shine.

Optimum Flow and Temperature

We have an integrated honeycomb-structured aerator that creates a mixture of water and air, making the stream fuller, smoother and also provides a lime build-up protection.

Water Heater

High Quality Glass Lined Inner Tank

Introducing the new Essco Storage Water Heater range that comes with Glasslined Tank that counter scale, sediment, residue build up on the surface of the water heater tank over time due to the hard water. The Glasslined Tank prevent corrosion when it is in contact with warm water. This increases the longevity of the appliance enhancing your bathing experience.

High Density PUF Insulation

CFC free high density Polyurathane insulation keeps the water hot and prevents heat loss for a long time. It reduces energy consumption and provides high energy efficiency.

Incoloy Heating Element

Incoloy Heating Element offers superior heating performance with resistance to carbonization and oxidation at high temperature. It also resists corrosion against hard water, resulting extended life span of heating element.

Magnesium Anode Rod

The tank has a magnesium anode rod that is designed to protect the tank from corrosive element. It works as a sacrificial anode, keeps the tank rust proof and ensures a longer life.

BEE Star Rating

BEE rating assures that it's highly energy efficient.

Multi Function Safety Valve

It prevents malfunction during abnormal conditions like high pressure. There are four functions of the safety valve-pressure release, vacuum release, non-return and draining. The MFSV prevents pressure to increase beyond 8 bar.

Rust-free body

Rust-free body prevents rusting and corrosion of water heater from outside.

Power Saver

Less electricity consumption because of high density PUF insulation and glass line coating on inner tank.

High Quality Safety Features

High quality safety features help in avoiding any operational hazard, ensuring more safety.

Quality at the best price

Essco by Jaquar ensures a good quality product at the best price.
